Post Office Uchhri Tehsil Jand District Attock (Punjab).

0336 5420641

muhammadadnanmalik1998@gmail.com

Skills

- Flutter developer
- Android
- HTML,
- CSS, ASP.NET MVC & Web API,
- C++,
- Java,
- C# and MS-SQL
- Dart

Experience

- **Flutter internship in Syther tech Rawalpindi (Currently)**
- **Work in National Assembly of Pakistan**

- **Final Year Project:**

The title of my project is Hakim.Com which is a mobile application developed using **Android**

Modules:

Application has two modules User and Hakim.

User:

Firstly a user is signed up then he/ she can search the medicines on the basis of symptoms or diseases. User can give the feedback (which includes star rating and comment) of the medicine(s) they used.

Hakim:

Hakim arranges the medicines or herbal products. It includes uploading and updating of medicines. Medicine data consists of name, image, ingredients and dosage as well as the disease for which the medicine is made.

- **Semester Projects**
 - **Hospital Management System:** Hall management system was a semester project of **ASP.NET (MVC)** in which I developed a website which includes Doctor of the multiple Feild according to the Client requirement like physcion or surgical etc.
 - **School management System:** It was also a semester project of **C++** with filing in which the data of students added and updated by Admin
